PROFESSIONAL SUMMARY

Web Developer with 1.5+ years of professional experience and additional freelance expertise in building responsive web applications. Skilled in full-stack development and delivering scalable, user-focused solutions. Proven ability to manage projects independently and collaborate effectively. Eager to contribute to business goals through innovative development.

EXPERIENCES

Jaya Info-soft Pvt. ltd, Chennai - *Web Developer*   **Nov 2023 - Present**

- Developed responsive, user-friendly interfaces using HTML, CSS, JavaScript, and modern libraries like Tailwind CSS, Bootstrap, and Material-UI.
- Built full-stack web applications with React, Node.js, Express.js, and MongoDB, ensuring smooth front-end and back-end integration.
- Designed and implemented RESTful APIs for reliable client-server communication and real-time updates using Axios.
- Used Context API and TanStack Query for streamlined state management and enhanced application performance.
- Integrated authentication systems with OAuth and JWT for secure login and session handling.
- Implemented WebSocket (Socket.io) to enable real-time messaging features in web applications.
- Enhanced UI/UX with animations and interactive elements using GSAP and Framer Motion.
- Optimized front-end performance, reducing load times and improving responsiveness.
- Maintained and updated applications regularly, adding features, fixing bugs, and improving overall stability.

Freelance Web Developer   **Jan 2025 - Present**

- Developed custom web applications for diverse clients, translating requirements into functional solutions.
- Collaborated directly with clients to gather specifications, provide progress updates, and ensure project alignment with goals.
- Managed project timelines, communication, and delivery independently.
